# RedCritter Teacher

achieve. earn. share.

Student profiles
Students get profiles to collect and showcase their achievements. Teachers get access to student data, including student trait maps.

Track, recognize & reward
Reward achievements with badges, skillpoints and virtual currency
Send weekly notifications to parents and students.

Idea Lab
Discover and install new ideas created by an international community of educators.

Reports
View reports to track student improvement over time.

Mobile apps
Native Windows, iPhone and Android mobile apps for both teachers and students.

Achievement Bands™
Give out achievements just by tapping your phone to a student's wrist.

Mrs. Smith's Class

Advanced tools
Log attendance, manage a seating chart and display achievements on a live classroom wallboard.

RedCritter Teacher encourages learning success in the classroom. Use digital recognition and rewards to engage students and socialize their accomplishments. RedCritter Teacher augments any curriculum with immersive digital recognition and rewards, and can be used with any computer, tablet or smartphone.

Students can view their achievements at **k12.redcritter.com** or in Outlook, Yammer, SharePoint, mobile apps and more.

RedCritter

Office

Parents can subscribe to notifications and a weekly progress report.

Are you a **teacher**?
